

The Texas Life Science Forum is the premier life science event in Texas that brings together members from industry, emerging life science companies, academic institutions, investors, mentors and service providers. The conference is a joint program of BioHouston and Rice Alliance for Technology and Entrepreneurship.

The conference represents an opportunity to meet investors, discover promising life science companies, and learn about opportunities for entrepreneurs, investment professionals, big pharma, academics, and business executives serving the life science and biotech industry.

Sponsorship Opportunities

Exclusive Presenting Underwriter - \$25,000

The Exclusive Presenting Underwriter package offers the highest recognition before, during and after the event. In addition, the package offers premium advertising and exhibit placement at the event solidifying your company's leadership position in the Texas Life Science community.

***BioHouston, Inc.** is a non-profit tax-exempt 501(c)3 corporation founded by Houston area academic/research institutions. BioHouston is leading a broad effort to establish the Houston region as a vigorous global competitor in life science and biotechnology commercialization.*

Our mission is to create an environment that will stimulate technology transfer and research commercialization, thereby generating economic wealth for the Houston region and making it a global competitor in life science commercialization. BioHouston's activities provide the greatest leverage in making the Houston region a world-class competitor in the life science industry.

*The **Rice Alliance for Technology and Entrepreneurship** (Rice Alliance) is Rice University's nationally-recognized initiative devoted to the support of technology commercialization, entrepreneurship education, and the launch of technology companies. The Rice Alliance is a catalyst for building successful ventures through education, guidance and connections. Its mission is to support the creation of technology-based companies and the commercialization of new technologies in the Houston community and Southwest.*

Since inception in 1999, more than 3,350 early stage companies have benefitted from participating at more than 250 programs hosted by the Rice Alliance and raised more than \$27.1 billion in funding
